As we draw towards utilizing our period of Strength and Stretch, it is not a time to become "weary in well-doing," or lax in our pursuit of what G'd has for us. Please continue to push and press towards the end. As many have expressed already, "this time will extend beyond January for them, because it has been more than a fast, is a lifestyle shift! KAVOD Glory". Continue to expose your heart to Yeshua...allowing Him to heal wounds and cleanse your Spirit. We are excited about the testimonies and miracles we have witnessed and the obvious heart changes of each person connected to this ministry.

This ministry has purpose! We are going to grow and move by leaps and bounds as resources continue to be released and we stay focused on the CROSS! We must move together. And maintain a focus on HIM and His Kingdom! Only what you do for G’d will last. When you look like Him you attract people, simply because you are the salt of the earth. Not without test or challenge we have found this walk to be one that rewards as well as reminds us of our commitment "to run till the finish".

We have heard the instructions concerning worship and we are extending our Sunday Worship times outside of our Saturday Shabbat and mid-morning at "The Court to our Sunday morning Tabernacle. As we bridge the gap into "Hebraic" studies "Tabernacle" is growing and spreading. Come Rest & Worship beginning at 1000 am. Join us for a time of fellowship and the Yeshua's order of worship. It is our prayer and heart’s desire that each of you walk out your life with conviction. Its teaching and instruction that will make the difference in all of our lives.

This is not your typical worship experience. Prepare to come in and rest, pause and offer your heart to "Yeshua-Jesus" as He speaks in a still small voice. Are you open to His voice? Are you prepared to slow down long enough for Adonai to truly speak to your being? Is your heart truly towards worship or has being in a place of worship become routine? Up and down? Spin around? We say it's time for change; true enough; what is real change? It begins with each of us. We change because we accept our new heart and then we can legitimately say we are apart of the community changing! Multiplication by Honor!

No this that fact, Adonai will bless and keep you - us and His face will shine upon you- us and show you great favor. Adonai will lift up His face toward you - us and give you - us great peace...Numbers 6:24-26.

Be Well - Shalom!
